

CURRICULUM VITAE

PD Dr. rer. nat. habil. Joachim Gröger
Associate Professor for Zoologie / Fishery Biology

Affiliation I (Science/Research):

Federal Research Institute for Rural Areas, Forestry and Fisheries
Institute for Sea Fisheries
Palmaille 9
D-22767 Hamburg
GERMANY
Phone: int+49(0)40 38905-266
Fax: int+49(0)40 38905-263
e-mail: joachim.groeger@vti.bund.de

Affiliation II (Academia):

University of Rostock

(1) Faculty of Mathematical and Natural Sciences
Institute for Biosciences / Zoology
D - 18051 Rostock
(2) Interdisciplinary Faculty
Maritime Systems Department
D - 18057 Rostock
GERMANY
e-mail: joachim.groeger@uni-rostock.de

Personal information

Nationality:	German
Birthdate:	December 17, 1956
Place of Birth:	Kiel, Germany
Family status:	married to Regina Gröger (September 6, 1994)

Education

	School
1964-1977	
WS 1979 - WS 1986	Student of Biology at Kiel University Pre-Diploma examination (~ BSc) in Zoology, Botany, Chemistry, Physics (1982) Diploma examination (~ MSc) in Fishery Biology, Informatics and Zoology (1985) <u>Thesis:</u> Modelling theory concerning growth coupled variables in experimental aquaculture (1986) <u>Supervisors:</u> Prof. Walter Nellen & Prof. Bernd Zeitschel, Institute of Marine Sciences (IfM), Kiel, Germany <u>Overall grade:</u> very good
Sep - Dec 1987	1-semester studies abroad - Fall semester at Pennstate University, Department of Statistics , University Park, Pennsylvania, USA
WS 1988 - WS 1992	PhD program at the Faculty of Mathematical and Natural Sciences +

	Student of Statistics and Econometrics at the Institute of Statistics and Econometrics (Kiel University - Prof. Lütkepohl, Prof. Hansen)
WS 1992	<p>Doctoral examination (~ PhD) in Fishery Biology, Statistics/Econometrics and Informatics</p> <p><u>Thesis:</u> "A probability based approach to optimize the International Young Fish Survey (IYFS) in the North Sea"</p> <p><u>Supervisors:</u> Prof. Dietrich Schnack & Prof. Tony Chapman, Institute of Marine Sciences (IfM), Kiel, Germany</p> <p><u>Overall grade:</u> very good (<i>magna cum laude</i>)</p>
1996 - 2001	<p>Habilitation (= professorial qualification ~ DSc) at Rostock university (February 2001)</p> <p><u>Thesis:</u> "Biometric analyses towards an optimization of special coefficients in fish population dynamics" (submitted June 2000)</p> <p><u>Test lecture:</u> "The Principles of Precaution and Sustainability - Implementation Strategies for Harvesting Marine Fish Stocks"</p> <p><u>Supervisors:</u> Prof. Ragnar Kinzelbach, Institute for Biodiversity Research, Rostock University, Germany, Prof. Gerd Hansen, Institute for Statistics and Econometrics, Kiel University, Germany, PD Dr. Thomas Brey, Alfred Wegener Institute of Marine Sciences (AWI), Bremen University, Germany</p> <p><u>Overall grade:</u> "highly recommended" (equivalent to being very good)</p>

Advanced vocational training

Biometrics with SAS	<p>Factor, principal component, correspondence and discriminant analysis (4 days FAL, Braunschweig, Germany)</p> <p>Quantitative risk analysis (3 days, FAL, Braunschweig, Germany)</p> <p>The use of the Geographical Information Systems (GIS) ArcView und ArcInfo (4 days, Forstliche Fachhochschule, Eberswalde, Germany)</p> <p>Time series analysis (4 days, FAL, Braunschweig, Germany)</p> <p>Cluster analysis (4 days, FAL, Braunschweig, Germany)</p> <p>Multivariate variance analysis (MANOVA) (3 days, FAL, Braunschweig, Germany)</p> <p>Statistical quality control (SQC) (3 days, FAL, Braunschweig, Germany)</p> <p>Autoregression und autocorrelation (3 days, FAL, Braunschweig, Germany)</p> <p>Geostatistics (3 days, FAL, Braunschweig, Germany)</p> <p>Non-parametric methods (3 days, FAL, Braunschweig)</p> <p>Sequence analysis/Bioinformatics (3 days, Düsseldorf University)</p> <p>Contingency tables (3 days, FAL, Braunschweig)</p>
----------------------------	--

Fish stock assessment

FAO/DANIDA/ICES High Level Training Course in Fish Stock and Quality Assessment (14 days, Hillerød, Dänemark)

ASMFC Advanced Stock Assessment Training Workshop (December 5-7, 2005, NMFS, Woodshole, USA)

Workshop on Advanced Fish Stock Assessment Techniques, ICES secretariat in Copenhagen, Denmark, 23 - 28 February 2006

Military Service

October 1977
- December 1978

15 months, **Medical Corps** Centre of the German Armed Forces, Bad Segeberg, Germany

Work experience

Jan - Aug 1987	Systems analyst at the Federal Institute for Sea Fisheries, Hamburg (Development and implementation of a data management system for krill and fish data on a SIEMENS mainframe by means of FORTRAN and its transfer to PCs)
1988	Lecturer of informatics in further education of adults at Kiel College of Economics (Wirtschaftsakademie Kiel)
1989 - 1992	Scientific collaborator at the Institute of Marine Sciences, Kiel
1993	Software engineer and systems analyst at "has program service" (development of an object-oriented Management Information Systems for insurance companies, PASCAL)
1994 - 2003	Scientist at Federal Research Centre for Fisheries, Institute for Baltic Sea Fisheries in Rostock (biostatistical and econometrical modelling of fishery related problems), Germany
2001 - 2006	Associate Professor for Zoology (Fishery Biology) at Rostock university, Germany
2004 + 2005	2-years appointment as an Associate Professor for Fisheries Oceanography (tenure track) at the School for Marine Science and Technology (SMAST), University of Massachusetts (UMassD), New Bedford, USA (unpaid leave)
January 2005	1-year re-appointment as an Associate Professor for Fisheries Oceanography at the School of Marine Science Technology (SMAST), University of Massachusetts (UMassD), New Bedford, USA for academic year 2006 (not assumed)
2006 - present	Head of "Pelagic fish stocks working group" and " commissioneer for biometrics " at the Institute for Sea Fisheries (ISH) of the newly founded "von-Thünen Federal Research Institute for Rural Studies, Forestry and Fisheries" in Hamburg, Germany
2006 - 2008	Associate Professor for Fishery Biology at Kiel university, Germany (Umhabilitierung)
2009 - present	Associate Professor for Zoology (Fishery Biology) at Rostock university,

Scholarships/Awards

1982 - 1986	Scholarship for "highly gifted students" provided by "Friedrich Naumann Foundation" (during Hauptstudium)
June 2006	Honorific appointment: Adjunct Research Professor, Physics Department, College of Engineering, University of Massachusetts at Dartmouth
August 2006	Honorific appointment: Adjunct Associate Professor, Department of Conservation Biology, University of Massachusetts at Amherst

University teaching experience

1992 - 2003 (Classes in Germany)	Populations dynamics of fish stocks (including assessment methods and fishery management) (Rostock university, Germany, 2 SWS) Fish stock assessment models (IfM Kiel, Germany, 1 SWS) Informatics (course in adult education, WAK Kiel, Germany) Introduction to Biostatistics with exercises (IfM Kiel, within Major Practicals, Germany, 2 SWS) Basics in Biometrics (Rostock university, Germany, 2 SWS) Ecosystem modeling (Rostock university, Germany, 1 SWS) Biometrical modeling in space and time (Rostock university, Germany, 2 SWS) Biometrical design of experiments and surveys (Rostock university, Germany, 1 SWS)
2004 - 2005 (Classes in USA)	Certification as IGS-Teacher (IGS = Intercampus Graduate School for Marine Science and Technology, Massachusetts, USA) (Spring 2004) Fundamentals in Biometrics (MAR 580, 3 credits, SMAST, UMassD) Quantitative Concepts in Fish Population Dynamics (MAR 625, 3 credits, SMAST, UMassD)
2006 + 2007 (Classes in Germany)	Fundamentals in Biometrics (IfM-Geomar, # 500011, 2 SWS) Populationsdynamik, Assessment und Management genutzter Fischbestände (IfM-Geomar, # 500051, 2 SWS)
2008 - present (Classes in Germany)	Populationsdynamik, Assessment und Management genutzter Fischbestände (SS 2008, 3 SWS) Grundlagen biometrischer und biostatistischer Analysen (WS 2008/09, 3 SWS)

Organisation of Seminars and Colloquia

1996 - 2004	Organisation of the scientific IOR colloquia , Rostock, Germany
May 2003	Co-organizer of the German federal symposium "Bedrohung der biologischen Vielfalt durch invasive gebietsfremde Arten: Erfassung, Monitoring, Risikoanalyse" (BBA, Braunschweig, Germany)
Academic year 2004/5	Organisation of the SMAST seminar , School for Marine Science and Technology (SMAST), UMassD, New Bedford, USA
Calendar year 2006	Organizer of ISH colloquia , Institute for Sea Fisheries, Federal Centre for Fisheries Research, Hamburg, Germany

Interests and Activities

biometrics and statistical/numerical **modelling** including pattern recognition, time series analysis, geostatistics, multivariate statistics
analysis of **interactions** between biotic and abiotic factors/variables on **ecosystem** level including **climate** issues
population dynamics/ecology and its modelling
management questions including spatial and temporal issues, conservation/rebuilding/restoration/protection/risk issues
numerical optimization issues (control theory, operations research, decision support system development)
development of **new technology** (AUV, array systems, etc)
survey and experimental **design**
bio-economic issues including applying **econometric** approaches

Summary of professional memberships in (inter-)national committees/commissions (previous and present)

German Scientific Commission for Marine Research (Deutsche Wissenschaftliche Kommission für Meeresforschung, DWK)
Ressource Management Committee of the International Council for the Exploration of the Seas (RMC ICES)
Advisory Committee for Fisheries Management of the International Council for the Exploration of the Seas (ACFM, ICES)
ASCOBANS (UN Agreement on the Conservation of Small Cetaceans of the Baltic and North Seas)
International Biometric Society
American Fisheries Society (NE Chapter)

Summary of professional memberships in (inter-)national working groups (previous and present)

Member of the Ad Hoc Working Group of Experts on the Standardization of Fishing Effort in Cod Fishery in the Baltic Sea (IBSFC)

Member of the ICES Study Group on Baltic Cod Age Reading

Member of the ICES Baltic Herring Age Reading WG

Member of the ICES Comprehensive Fishery Evaluation WG

Member of the ICES Baltic International Fish Survey WG

Member of the ICES Working Group on Statistical Aspects of Environmental Monitoring

Member of the US Groundfish Plan Development Team (PDT)

Member of the ICES Herring Assessment Working Group in the North Sea (HAWG)

Member of the ICES Study Group of Risk Assessment and Management (SGRAMA)

Member of the ICES Study Group on Mixed Fisheries Management (SGMIXMAN)

Member of the ICES Study Group on Recruitment variability in North Sea planktivorous fish (SGRECVAP)

Member of the ICES Study Group on Management Strategies (SGMAS)

Poster

Rumohr, H., Hukriede, W., **Gröger, J.** (1998). Long-term changes in Baltic benthos data in relation to climate change.

Gröger, J.; Debus, L. (1999/2000). Morphometric comparison of *Acipenser sturio* populations by means of a mixed estimation procedure.

Gröhsl, T.; **Gröger, J.**; Hahlbeck, E.; Winkler, H.M. (2001). Fischbestandsmonitoring in den deutschen Ostseegewässern.

Gröger, J.; Rohlf, N. (2007). Mögliche Ursachen des geringen Heringsnachwuchses in der Nordsee.

Activities as referee for following scientific journals

Archive of Fisheries and Marine Research (**AFMR**)
ICES Journal of Fisheries and Marine Science (**IJFMS**)
Journal of Applied Ichthyology (**JAI**)
Journal of Fish Biology (**JFB**)
Journal of Fisheries Oceanography (**JFO**)

Collaboration in national and international projects

Europe	<p>Coordinator of the national project "Development of a modular approach for simulating fish distributions" (Institute of Marine Sciences, Kiel)</p> <p>Coordinator of EU study "Investigations on the fishing effort of towed demersal fishing gears in the Baltic" (EU-No. 95/077) (IOR, Rostock)</p> <p>Collaborating partner in EU study "Separation of spring and autumn spawning herring in the Skagerrak and Kattegat" (EU-No. 96/073) (IOR, Rostock)</p> <p>Collaborating partner in EU study "A new sampling regime for resource assessment of herring in the Skagerrak, Kattegat and southwest Baltic" (EU-Nr. 98/026)" (IOR, Rostock)</p> <p>Local coordinator of EU study "Environmental and fisheries influences on fish stock recruitment (STORE, EU-No. FAIR-CT-98-3559)" (IOR, Rostock)</p>
United States	<p>CoPi, 2004: "Analysis and Development of Acoustic Systems to Improve CPUE Statistics and Track Movements and Migration of Fish" (NOAA - NA04NMF4720024, budget for 1 year: ~ ca. 500 000 US\$) (SMAST, USA)</p> <p>CoPi, 2004: "New England Multispecies Survey" (NOAA - NA04NMF4720339; funding period: Aug 1, 2004 - Jul 31, 2005; total budget for 1 year: ca. 2.8 Mio. US\$) (SMAST, USA)</p> <p>Pi, 2004: "Cooperative, industry-based and scientifically controlled at-sea experiment to test the performance of a haddock-separator trawl in Georges Bank B Closed Area I" (Broad Agency Announcement (BAA EAC # 04-0001) - Cooperative Research Partners Initiative (CRPI), funding period: Sep 20, 2004 - Sep 19, 2005; 6 month nc extension to March 19, 2006; budget: ca. 300 000 US\$) (SMAST, USA)</p> <p>CoPi, 2005: "Extended New England Multispecies Survey" (NA05NMF4720339x, Total Budget for 1 year: ca. 2.94 Mio. US\$; start in 2006) (SMAST USA)</p>

Invited talks/lectures

2008	"Versorgung mit Meeresfisch - Ist es wirklich <i>Fünf vor Zwölf?</i> ", 20.8.2008, ICD 2008, Davos, Schweiz
2007	Risk assessment of North Sea Herring for stock rebuilding purposes using an optimization algorithm, 6.2.2007, Applied Mathematics Department, University of Cape Town, Cape Town, Südafrika On the detection of internal and external signals in the stock-recruitment relationship of North Sea herring, 12.3.2007, ICES, Kopenhagen, Dänemark Mögliche Ursachen des geringen Heringsnachwuchses in der Nordsee, 18.4.2007, Institut für Hydrobiologie und Fischereiwissenschaft, Uni Hamburg, Hamburg Shedding light on recruitment mysteries - internal and external signals in the stock-recruitment relationship of North Sea herring, 8.5.2007, SAHFOS, Plymouth, UK Vor- und Nachteile des "neuen" Konzepts des Maximum Sustainable Yield in der gemeinsamen Fischereipolitik der EU. 5.6.2007. Meeresumwelt-Symposium, BSH, CCH, Hamburg Die Nutzung Innovativer Monitoringkonzepte für ein Automatisiertes Raum-Zeit-Management von Fischbeständen. 18.6.2007. DWK, FTZ, Büsum Shedding light on recruitment mysteries - internal and external signals in the stock-recruitment relationship of North Sea herring, 18.9.2007, ICES ASC, Helsinki, Finland
2006	A framework for an optimal control of multispecies, multistock, multiarea fisheries (Workshop on Simple Mixed Fisheries Management Models, WKMIXMAN, ICES, Copenhagen, Dänemark, 10.1.2006) A fish population rebuilding framework to control multispecies, multistock, multiarea fisheries (Study Group on Management Strategies, ICES, Copenhagen, Dänemark, 24.1.2006) A fish population rebuilding framework to control multispecies, multistock, and/or multiarea fisheries for medium to longterm management purposes, 24.1.2006, SGMAS, ICES, Copenhagen, Dänemark A framework for an optimal control of multispecies, multistock, multiarea fisheries, 13.2.2006, ISH-Kolloquien, BFAFi, Hamburg New Optimization Methods for Sustainably Managing Groundfish Stocks in New England Waters (12.4.2006, CAU Kiel, Kiel) Innovative Technologien - neueste technische und methodische Ansätze in der Fischereiforschung Neu-Englands, USA (24.5.2006, IfM-Geomar, Kiel) A rebuilding framework for an optimal control of multispecies, multistock, and/or multiarea fisheries (28.6.2006, ICES Symposium on Fisheries Management Strategies, Galway, Irland) A stock rebuilding algorithm featuring risk assessment and an optimal control of single or multispecies fisheries (22.8.2006, UNCERTAINTY Meeting (EU Concerted Action), Rom, Italien)

	Extraction of daily activity pattern and vertical migration behavior from the benthic fish, <i>Lophius americanus</i> , based on depth analysis from data storage tags (21.9.2006, ICES ASC 2006, Maastricht, Niederlande)
	Schwerpunkte der Fischereiforschung in Hamburg (17.10.2006, Chinesische Besuchergruppe, BFAFi, Hamburg)
	Schwerpunkte der Fischereiforschung in Hamburg (20.10.2006, Türkische Besuchergruppe, BFAFi, Hamburg)
2005	Geolocating Yellowtail Flounder on Georges Bank (National Marine Fisheries Service, Woodshole, Annual YT Tagging Meeting, 14.2.2005)
	On the Geolocation of Cod on Stellwagenbank (Gulf of Maine Research Institute, Portland, Maine, USA, Annual Cod Tagging Meeting, 21.6.2005)
	The SMAST Marine Groundfish Survey on US-Georges Bank using acoustic/optic autonomous underwater vehicles and deployed array systems (International InWaterTec Conference, Kiel, 2.9.2005)
	Geolocation of Massachusetts Bay Cod (<i>Gadus morhua</i>) - a tidal method approach. ICES/ASC Theme Session on How to Improve Environmental Monitoring and Biological Studies - Integrating Ecology and Statistics (ICES Annual Science Conference, Aberdeen, Scotland, 23.9.2005)
	The Use of Innovative Monitoring Strategies for a Spatial and Temporal Management of Fish Stocks in the Gulf of Maine. University of Rhode Island (GSO, URI, Rhode Island, USA, 12.10.2005)
	The Use of Innovative Monitoring Strategies for a Spatial and Temporal Management of Fish Stocks in the Gulf of Maine. University of Massachusetts at Amherst (Conservation Biology Dept., UMass Amherst, MA, USA, 24.10.2005)
	The Use of Innovative Monitoring Strategies for a Spatial and Temporal Management of Fish Stocks in the Gulf of Maine. National Marine Fisheries Service (NMFS, Woodshole, MA, USA, 16.11.2005)
	The Use of Innovative Monitoring Strategies for a Spatial and Temporal Management of Fish Stocks in the Gulf of Maine. University of Massachusetts at Dartmouth (Electrical and Computer Engineering Dept., UMassD, MA, USA, 18.11.2005)
2004	The SMAST Decision Support System: Management of Groundfish Stocks in the Gulf of Maine and on Georges Bank - a brief overview of the idea (Marine Fisheries Institute Council, ATM Center, Fairhaven, MA, USA, 16.6.2004)
	On the SMAST Decision Support System - Management of Groundfish Stocks in the Gulf of Maine and on Georges Bank (IGS, Hoagland Pincus Conference Center, Shrewsbury, MA, USA, 30.6.2004)
	"A New Approach Towards an Optimal Control of Fisheries on Georges Bank: the SmaST Groundfish Optimization Simulation Model" (ICES Annual Science Conference, Vigo, Spain, 23.9.2004)
2003	"On some general aspects of collecting reliable information" (SGFI, New Castle, UK, 18.2.2003)

2002	<p>"Differentiation of Baltic Sea herring stocks in Sound, Kattegat and Skagerak: a biometrical comparison of methods" (SGHAUB, Gdynia, Poland, 19.4.2002).</p> <p>"Nachhaltigkeit, Umweltvorsorge und Ökosystemansatz! Wie lassen sich diese Komponenten zu einer integrativen fischereibezogenen Umweltpolitik zusammenfügen?" (BLANO, BFAFi, Hamburg, 13.5.2002).</p> <p>"Nachhaltigkeit, Umweltvorsorge und Ökosystemansatz als Komponenten einer integrativen fischereibezogenen Umweltpolitik" (ISH Colloquium, BFAFi, Hamburg, 24.6.2002).</p> <p>"Bedeutung und Probleme von fischereibiologischen Forschungssurveys dargestellt am Beispiel des internationalen Heringslarvensurveys (IHLS) in der Nordsee" (Graduierten-Kolleg, Bergakademie TU Freiberg, Freiberg/Sachsen, 4.7.2002).</p> <p>"Einrichtung eines Ökosystemansatzes für das Fischereimanagement auf der Grundlage einer verantwortungsvollen Umweltpolitik" (Colloquium, IfM, Kiel, 12.7.2002).</p> <p>"Fish Stock Assessment under Restrictions: Taking into Account Variability, Precaution and Sustainability" (Seminar, SMAST, UMass, New Bedford, MA, USA, 26.11.2002).</p>
2001	<p>"Die Prinzipien von Vorsorge und Nachhaltigkeit - Umsetzungsansätze bei der Nutzung von Fischbeständen" (Universität Rostock, Mathematisch-Naturwissenschaftliche Fakultät, 5. Februar 2001).</p>
